

In a class of its own

Here are some stats to celebrate! With Cisco Webex, #LearningNeverStops for students through Cisco Networking Academies around the world.

36,000+
Meetings

3.5M
Total meeting minutes

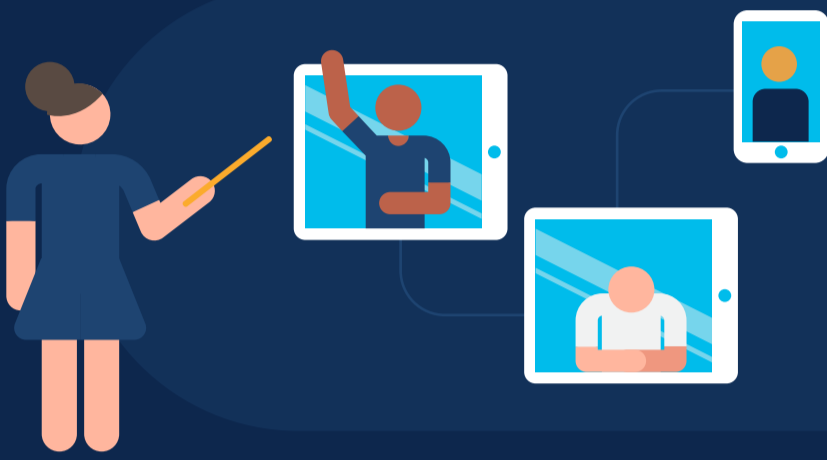

That's almost **one million learners** who engaged with Cisco Networking Academy instructors since November 2020 with the help of free Cisco Webex accounts.

11,000+
Recorded meetings

829,000+
Learners attended

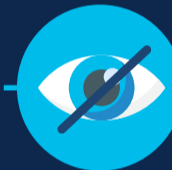

Cisco expanded free access to Webex accounts to Networking Academy instructors due to disruptions caused by the pandemic.

Webex is now fully automated for instructors who can activate their Webex account via the NetAcad platform.

Instructors can stay inside their own LMS without having to jump in and out of different tools because Webex fully integrates into the LMS.

Accessibility for students with hearing, visual, or attention disabilities are built in, so everyone can be included in the class.

Free NetAcad Webex account inclusions

Unlimited co-hosts
24-hrs max meeting time

24 hours max duration

Up to 1000 participants
